UMBRELLAS & CUSHIONS

VENICE | Euro Collection

This large scale umbrella provides shade to multiple dining tables or several chaises at once. Perfect for outdoor dining areas where large umbrellas are needed to provide shade to multiple tables, these contemporary models are as chic as they are durable.

- Telescopic opening and closing system
- 8 rectangular aluminum ribs
- Carbon powder coated aluminum and steel structure with nylon accessories
- Steel cross base for (4) 19" x 19" cement plates
- Double, sewn-in vent canopy with storage ties standard
- Custom top options include valance, alternating panels, banding and logos
- Standard tops are made of marine or furniture grade, solution dyed acrylic. Tops are also available in COM.
