

HOME DESIGN AND REMODELING SHOW®

By bringing commercial quality products to the residential market, Paradise Cushions by FiberBuilt allows homeowners to renovate their backyards with styles from retro to ultra-modern. Our fashionable furniture, umbrellas and accessories provide value, durability and a chic appeal to outdoor décor. Attendees discovered a collection of products and services not typically offered at box stores or other specialty outdoor showrooms.

Customers were attracted to Paradise's display of furniture, umbrellas and accessories, such as our LED light kit.

Everyone enjoyed testing out the comfort of our in-pool loungers and our Zuma chairs and chaise.

Even our cutest customer of the day.

Fabiola Sanchez, winner of the Home Show's Contest on Univision, walked the entire show and decided to spend her \$250 prize (plus a little more) to purchase a FiberBuilt Pop Up Tent and a 9 ft Market umbrella. We're proud that she chose our products to grace her backyard and we hope she celebrates many happy events under their shade for years to come.
