

This year's HD Connect elevated our interaction with many of the very engaged reps and customers at the fabulous Gaylord Opryland Resort and Convention Center. "The enthusiasm and interest we observed, from both reps familiar with our standard and custom shade products and those for whom the line was new, was uplifting," reported

FiberBuilt Vice President of Retail Sales Chantell Holmes. Because of the continuing growth in sales, we heightened our support of the event becoming a Silver Sponsor. Based on the feedback from the reps who are animated and eager to sell more umbrellas, bases, cushions and casual furniture, we feel the investment in HD Supply will be returned many times over.
