

This is Definitely the Most Fun Show of the Year.

The 2025 IAAPA Expo shattered attendance records and FiberBuilt's booth was buzzing with non-stop activity. Crowds were drawn in by our standout shade products and furniture.

We connected with an amazing number of new attendees while also strengthening relationships with longtime partners like Universal, Disney and Royal Caribbean, and so many others who stopped by to check out all our new umbrella designs and furniture offerings.

And the biggest win? Customers were so enthusiastic for our products that we closed multiple deals while at the show! Another record-breaker for FiberBuilt!

We're committed to realizing your vision and expanding our custom capabilities to serve you better.
